

Supplication

Bless all of us yogins who walk the path of your
luminous wisdom.

Sharpen our tools of co-emergency so that ego may
be destroyed on the spot.

Extend our awareness so the citadel of the three
kayas is achieved.

Transform our bodies so the illustrious heruka-wisdom
is accomplished.

Stalking through the world of this and that
Your shameless openness causes ego to shrivel into
emptiness.

Turn the timeless wheel of the vajrayana teachings
For the benefit of all sentient beings.
